The program outcome is excellent as the institution has succeeded in getting very good result in all the programs. The results are much above the average result of the Mangalore University colleges.

Program specific outcome of BA:

The vision of the institution has been achieved by giving quality education to the rural poor. It has succeeded in giving language fluency, leadership quality and exposure to the agriculture, industry and market. This has enabled them to get back to their farm lands and to engage themselves in agriculture and allied activities. Many are pursuing MA, MSW, MBA, LLB etc, and some are (18%) placed in good government jobs. The course has empowered them to write competitive exams both at the State and National levels.

Program specific outcome of B.Com:

Similarly the students of this program are better equipped with numerical intelligence that have helped them to go for CA, CS, M.Com, MBA and other professional courses. We are proud that our students are running Chartered Accountant Chambers and helping the students of this program to pursue the same. Some are improving their own family business and some have started their own enterprises. They are able to apply the knowledge of ethical and management principles required to work in a team as well as lead a team.

Program specific outcome of B.C.A:

The students are able to apply the knowledge gained during the course of the program from basic computer education (hardware and the softwares). They are able to identify, formulate and solve real life problems faced in industries. They are able to provide socially acceptable technical solutions.

The Course outcomes

Some of the course outcomes may be listed as follows:

> ➢ Students have a strong sense of identity

> ➢ Students are connected to the society and contribute to their society.

> ➢ Students have a strong sense of well being
